The original What Not to Wear from one of fashion’s most enduringly stylish women ... Written by French style guru Madame Genevieve Antoine Dariaux, *Elegance* is a classic style bible for timeless chic, grace, and poise -- every tidbit of advice today’s woman could possibly need, all at the tips of her (perfectly manicured) fingers. From Accessories to Zippers, Madame Dariaux imparts her pearls of wisdom on all things fashion-related -- and also offers advice on other crucial areas in life from shopping with girlfriends (don’t) to marriage and sex.

Provides advice for women on what to wear for a variety of different occasions and includes tips on such topics as make-up, shopping, and sex.

A collection of hints, tips, and advice on charm, personal beauty, and social interactions.

The phenomenal New York Times bestseller that “explores the upstairs-downstairs goings-on of a posh Parisian apartment building” (Publishers Weekly). In an elegant *hôtel particulier* in Paris, René, the concierge, is all but invisible—short, plump, middle-aged, with bunions on her feet and an addiction to television soaps. Her only genuine attachment is to her cat, Leo. In short, she’s everything society expects from a concierge at a bourgeois building in an upscale neighborhood. But René has a secret: She furtively, ferociously devours art, philosophy, music, and Japanese culture. With biting humor, she scrutinizes the lives of the tenants—her inferiors in every way except that of material wealth. Paloma is a twelve-year-old who lives on the fifth floor. Talented and precocious, she’s come to terms with life’s seeming futility and decided to end her own on her thirteenth birthday. Until then, she will continue hiding her extraordinary intelligence behind a mask of mediocrity, acting the part of an average pre-teen high on pop culture, a good but not outstanding student, an obedient if obstinate daughter. Paloma and René hide their true talents and finest qualities from a world they believe cannot or will not appreciate them. But after a wealthy Japanese man named Ozu arrives in the building, they will begin to recognize each other as kindred souls, in a novel that exalts the quiet victories of the inconspicuous among us, and “teaches philosophical lessons by shrewdly exposing rich secret lives hidden beneath conventional exteriors” (Kirkus Reviews). “The narrators’ kinetic minds and engaging voices (in Alison Anderson’s fluent translation) propel us ahead.” —The New York Times Book Review “Barbery’s sly wit . . . bestows lightness on the most ponderous cogitations.” —The New Yorker

It’s time to leave behind the “busy equals success” lie of intense workplaces and achieve with grace.Renowned Strategist & Coach Theresa Lambert shares her incredible journey in the world of luxury hospitality for the first time in this transformational book. There seems to be no one more qualified or equipped to ponder or even, dare I say, dictate ‘quality, taste, and style’ than Tim. -Sarah Jessica Parker, actor/producer Television has introduced the world to a new fashion authority: Tim Gunn. As Bravo’s style mentor and Chair of the Fashion Design Department at Parsons The New School for Design, Tim delivers advice in a frank, witty, and authoritative manner that delights audiences. Now readers can benefit from Tim’s considerable fashion wisdom in *Tim Gunn: A Guide to Quality, Taste & Style*. He discusses every aspect of creating and maintaining your personal style: how to dress for various occasions, how to shop (from designer to chain to vintage stores), how to pick a fashion mentor, how to improve your posture, find the perfect fit, and more. He’ll challenge every reader-whether a seasoned fashionista or a style neophyte-to make it work!

The men’s fashion editor for “Town & Country” examines the current fashions in menswear, garment by garment, offers practical advice on selecting the right clothes, and provides anecdotes on the history of menswear

Elegance represents an important watershed in architectural design. Since the onset of computer-driven technologies, innovative designers have, almost exclusively, been preoccupied with the pursuit of digital techniques. This issue of AD extrapolates current design tendencies and brings them together to present a new type of architecture, one that is seamlessly trying processes, space, structure and material together with beauty. ‘Elegance’ here is cast with a new contemporary meaning as it is applied to work that is effortlessly complex. It is analogous to an elegant algorithm that uses a small amount of initiative code to great effect. In a structure elegance may be expressed by a complex surface that retains its continuity and integrity even when punctured. In many ways, Elegance marks a coming of age for ‘digital architecture’, as architects become more adept at producing complexity and integrating digital design technologies, production and assembly systems producing elegant solutions. It is the potent finesse that is often associated with the work of Zaha Hadid Architects and other featured architects, such as Mark Goulthorpe of Decoi and Hani Rashid of Asymptote.

What made the Sopranos finale one of the most-talked-about events in television history? Why is sudoku so addictive and the iPhone so darn irresistible? What do Jackson Pollock and Lance Armstrong have in common with theoretical physicists and Buddhist monks? Elegance. In this thought-provoking exploration of why certain events, products, and people capture our attention and imaginations, Matthew E. May examines the elusive element behind so many innovative breakthroughs in fields ranging from physics and marketing to design and popular culture. Combining unusual simplicity and surprising power, elegance is characterized by four key elements—seduction, subtraction, symmetry, and sustainability. In a compelling, story-driven narrative that sheds light on the need for elegance in design, engineering, art, urban planning, sports, and work, May offers surprising evidence that what’s “not there” often trumps what is. In the bestselling tradition of *The Tipping Point*, *Made to Stick*, and *The Black Swan*, *In Pursuit of Elegance* will change the way you think about the world.
