Fire emits heat, and Amberlaine had anticipated that the domain of the Crystal Being so closely linked to this element would also be a place of warmth. But what she felt was a lack of warmth, a coldness born of a distant and alien nature. Amberlaine felt a presence watching her and knew herself to be weighed, judged. She stood on the very threshold of this Being's realm, and was unsure of her welcome.As a seed of doubt and a sense of dread touched her heart, Amberlaine's surroundings exploded into hues of orange and gold."Do not doubt me, beloved, or question your right to be here! I merely sought to test the intent behind your arrival, afraid that your coming to me would herald my demise, as has been the case for so many of my brothers and sisters! But already I can see that I was wrong to doubt you and that you are not like them, blood pulsing through their veins only to fill their hearts and minds with lust and envy. I see you, Amberlaine, and you are as pure as the Old Ones! Come, be welcome!"As the voice of her Crystal Being communed with her, a feeling akin to bliss stole over Amberlaine, washing away all thought of difficulties and doubt, leaving behind only the urge to be with this creature and share its light. Aware that she came closer than ever before to losing her identity, Amberlaine cautioned herself to be wary and to hold true to all that she was. It must have been this overwhelming urge to join with the Being of Light that awaited her that had caused Sol to be afraid for her.So she thought as she stood poised to enter the realm of Fire Opal, one of the strongest and oldest of the Crystal Beings, yet she could not know that what was to come posed so much more of a threat to her sense of self.Stretching out a hand to touch the edges of the cave that she perceived, intent upon determining if what she saw really existed or was created for her perception by this being of power, Amberlaine welcomed the feeling of rough stone and dust that met the tips of her fingers. It was a sensation with which she was very familiar, having spent much of her childhood exploring caves that she had been warned to leave alone, all in the hope of finding a new form of crystal, something rare or unknown that she could take back to the clan to display its wonder. Perhaps even then she had been seeking communion with her Crystal Being, the heart of stone that sang for her.Almost as the thought entered her head, Amberlaine shook her mind to clear it of ideas that she did not wish to entertain. Fire Opal was a being in its own right and did not exist in order to wait for her, to share its light with her, to be hers. Such was the thinking that enabled the incarceration of the Gods, and Amberlaine would steer clear of its corruption. "I find myself struggling to think clearly and greet you in a way that is worthy," Amberlaine muttered, a hand passing over her tired brow as she spoke. "No words are needed, Bright One," the voice whispered to her, "I understand."So few words, yet such a heavy load was lifted. Stood in the entrance to the cave that was the Crystal Being's choice of abode, Amberlaine felt as if years of insecurity and the pain of her recent anguish fell from her, discarded on the instant that she heard the magic of that voice. It told her everything that she, or any human being, needed to know; I know; I understand; you are forgiven; you are, and always will be, loved. The breath exploded from her lungs in an epiphany of self-acceptance and Amberlaine felt ready to step forward and see the Destiny that awaited her.She was light, she was love and she held the hope of mankind in her heart. Now, more than ever, she knew that it was for her to fight the evil imposed upon the world by twisted beings such as Mabon and Celts, it was her task to ensure that their greed and the terror they brought were held in check. For once, she did not doubt that she was equal to the task.

What she wanted was to reunite with her exiled sister.What she got was a betrayal that left her with a broken body and a shattered family.Euryale had always tried to live her life in peace, but clearly that was a mistake. Now, the gorgon is determined to rise from the ashes, save those she loves, and lay waste to all who wronged her.And if that means making pacts with the darkest, most powerful beings in all of creation to burn Olympus to the ground, so be it.A Storm of Blood and Stone picks up immediately after the events of Rise of the Gorgon, and continues the epic saga through Greek Mythology.

Jace had the prince in his hand and was seconds away from slaughtering the last member of the royal bloodline who had for so long oppressed or killed people like Jace. Now he had the power to stop it. Jace wanted to see the eyes of the prince as his soul was drained, but that's when he saw something—something different. In this boy's eyes he saw something that he used to see in himself. Jace dropped the prince, turned on his heel, and started to walk away. As he walked, the remaining blood of the slain swirled around him as its power entered him. He had to think. Something was wrong. He created a portal from the remaining blood that he didn't suck power from, and before he entered, he turned to the prince. "I am Jace. I am no god, but a mortal," and with that he stepped into the portal.

On the night of her Claiming ceremony, 19-year-old Kassya Sylthana is gifted her family's Magyck, and officially named heir to the Aelvalian throne. However, when rebel forces attack, she's forced to flee the castle with a man she only just met, leaving her mother and home behind. The search for the Life Diamonds--the subject of the compelling documentary produced by the History Channel. They were known as Life Diamonds--rough uncut diamonds of high quality bought by Jews in Eastern Europe to use as passports to safety. After 1939 and the Nazi blitzkrieg, after the extermination camps began belching black smoke into the skies and the railroad station at Auschwitz II-Birkenau became the busiest train station in the world, they became Death Diamonds. Blood from a Stone is the amazing story of forty of those diamonds, of their journey across continents and oceans, from the mines of South Africa to the diamond centers in Antwerp and Amsterdam, to the Jews of Eastern Europe, to the Death Camps. . . and to the two American soldiers who liberated them from the SS, finally, and buried them in a forest in Alsace on the border between France and Germany. It is the story of the curse believed to lie over the fabulous wealth of these stones, bringing death and disaster to all who touched them. It is the story of Yaron Svoray, who spent more than a decade in search of one small foxhole somewhere in a thousand square miles of forest...and of his unbelievable success. Blood from a Stone is a unique story, a story unlike any to come out of World War II. Blood from a Stone will more than over a dozen exclusive photos from the two-hour History Channel documentary.

An elite forces officer with a dreadful reputation. A bookish paleontologist with a love for mysteries. An ancient stronghold full of secrets that will take both of them to unearth. Professor Lilah Zirkander (yes, she's related to the famous pilot, and no, she can't get him to autograph your undergarments) is looking forward to a summer in the paleontology lab, researching and cataloging new fossils. But that summer takes an unexpected turn when the king sends her into the Ice Blades to a secret mine where ancient dragon bones have been discovered. Rumor has it that they're cursed and dangerous, but Lilah is more concerned about dealing with the outpost commander, a fierce officer with the temperament of a crabby badger. As punishment for irking the king, Colonel Vann Therrik is overseeing the hardened criminals working in the remote Magroth Crystal Mines. He would like a chance to redeem himself—and escape the loathsome duty station—but nothing is going his way. Cursed fossils have delayed production, miners are trying to escape, and now a scientist has shown up, making demands on his time. Worse, she's the cousin of his nemesis General Zirkander. As if one Zirkander in his world wasn't bad enough. Investigating the fossils leads Lilah and Vann into the depths of Magroth Mountain where centuries-old secrets lurk, and a long-forgotten threat stalks the passages. To have any chance at survival, they'll have to work together and perhaps learn that neither is what the other expected. Shattered Past is a stand-alone novel set in the author's Dragon Blood world.
