Centering Prayer and Inner Awakening is a complete guidebook for all who wish to know the practice of Centering Prayer.

Centering Prayer is the path to a wonderful and radical new way of seeing the world. It is not, as is sometimes thought, simply an act of devotional piety, nor is it a Christianized form of other meditation methods. Cynthia Bourgeault here cuts through the misconceptions to show that Centering Prayer is in fact a pioneering development within the Christian contemplative tradition. She provides a practical, complete course in the practice and then goes deeper to analyze what actually happens in Centering Prayer: the mind effectively swiches to a new operating system that makes possible the perception of nonduality. With this understanding in place, she then takes us on a journey through one of the sources of the practice, the Christian contemplative classic The Cloud of Unknowing, revealing it to be among the earliest Christian explorations of the phenomenology of consciousness. Cynthia Bourgeault's illumination of the Centering Prayer path provides compelling evidence of how important the practice has become in the half-century since it first arose among American Trappist monks, and of its maturation and refinement over the ensuing years of sincere study and practice. It will resonate with beginners on the Centering Prayer path as well as with seasoned practitioners.

In the teachings of Jesus, there are prayers, and then there is prayer-the silent, loving communion with the divine, beyond words or ritual. With Father Thomas Keating's book Open Mind, Open Heart, hundreds of thousands discovered the transformative power of Centering Prayer as a form of Christian meditation. Now, with The Path of Centering Prayer, Keating's senior student, friend, and advisor David Frenette reveals the profound depths of this practice, making it easier for meditators to deepen their connection with God.Beginning and experienced practitioners alike will benefit from this fresh voice, at once eloquent and clear, as they explore: The key insights and principles of Centering Prayer Guided instruction in the sacred word, sacred breath, and sacred glance practices Gentleness and openness: the way of letting go and letting be Experiencing a deeper sense of God in meditation and in everyday life Many other contemplative practices and teachings founded upon the wisdom of Fathers Thomas Keating and Thomas MertonHas your spiritual path grown routine or unfulfilling, or is it at a crossroads for new discovery? For all Christians who seek to move closer into the presence of the divine, The Path of Centering Prayer offers guidance in this rewarding and time-honored meditation practice, to help break through obstacles and illuminate the way.

The practice of prayer and meditation in modern Western Christianity is rooted in the Eastern tradition of early Church prayer as well as the wisdom of early Church fathers. In Centering Prayer, M. Basil Pennington, the author of the highly acclaimed Daily We Touch Him, returns to these roots, offering contemporary Christians a new approach to ancient prayer forms. Pennington combines the best of the Eastern spiritual exercises (such as the Jesus Prayer) with a spirituality for today's world. Addressing the obstacles that discourage people from praying well, he explains how to relax for prayer, how to listen to and be directed by the Other, and how to handle the pain and distractions that can stifle attempts to communicate with God. Centering Prayer has sold more than a quarter million copies since it was first published in 1982. In this eminently practical book, simple, inspiring instructions will help readers find the comfort and the guidance they seek through prayer.

Centering Prayers is a collection of inspired prayers crafted as brief preludes or postludes to periods of personal, contemplative prayer. Each radiates God's love. Tailored for the seasons and months of the year, they integrate a spiritual theology with certain mystical depth. You will want to read them slowly and pray them quietly, one day at a time. "In Daily Companion, Peter Haas offers intimate prayers that rest on the deep rooted tradition of his faith. His vulnerability and longing lead you to your own journey. His fearless asking: Strengthen me in love. Draw me into your life, draw you to deeper places. He acknowledges, You are the shadow that crosses near in the silence of prayer. Praying these prayers with Haas becomes a daily chant reminiscent of those in monasteries the world over, kneeling in prayer in the silent hours before dawn." Paula D'Arcy Author of Gift of the Red Bird, Waking Up to This Day

In this searching study, Fr. Murchadh Fr. Ó Madagáin describes the life and thoughts of Fr. Thomas Keating, the Trappist monk who was one of the founders of the centering prayer movement. Centering prayer aims to reclaim the Christian contemplative and mystical traditions after centuries of neglect and to make it available for modern spiritual seekers. Fr. Ó Madagáin traces its roots back to the fourth- and fifth-century Desert Fathers such as Evagrius and John Cassian. He shows how it was used in the medieval classic The Cloud of Unknowing and practiced by saints John of the Cross and Teresa of Avila, then revived by Thomas Merton during the twentieth century. Fr. Ó Madagáin illustrates how, by bringing the insights of contemporary psychology to bear on this ancient method of prayer, Fr. Keating has not only revitalized the contemplative tradition, but also has enabled it to become a powerful tool for people of faith to gain insight into themselves and God, whom Keating calls the divine healer. Fr. Ó Madagáin also unpacks the processes at work in centering prayer and clears up some of the common misunderstandings that surround it. Centering Prayer and the Healing of the Unconscious is an essential work for all those interested in the history and practice of centering prayer. In addition to describing the background of this unique and effective practice, Fr. Ó Madagáin offers unique insights into the ideas of one of its leading contemporary teachers and practitioners.
