Core concepts. Contemporary ideas. Outstanding, innovative resources. To succeed in your business studies, you will need to master core finance concepts and learn to identify and solve many business problems. Learning to apply financial metrics and value creation as inputs to decision making is a critical skill in any kind of organisation. Fundamentals of Corporate Finance shows you how to do just that. Berk presents the fundamentals of business finance using the Valuation Principle as a clear, unifying framework. Throughout the text, its many applications use familiar Australian examples and makes consistent use of real-world data. This Australian adaptation of the highly successful US text Fundamentals of Corporate Finance features a high-calibre author team of respected academics. The second edition builds on the strengths of the first edition, and incorporates updated figures, tables and facts to reflect key developments in the field of finance. For corporate finance or financial management students, at undergraduate or post-graduate level.
