Summer has come to Krynn, a summer unlike any before. The sun bears down on land and sea, searing the world with relentless light and heat. Clouds and rain are nowhere to be found, and even the darkness of night brings little relief from the strange and oppressive day. Meanwhile, those who commune regularly with their gods are uneasy.

The War of the Lance is long over. The seasons come and go. The pendulum of the world swings. Now it is summer. A hot parched summer, such as no one on Krynn has ever known before. The uneasy balance starts.

Primed for a battle between good and evil, Raistlin, the corrupt mage, returns to the Dragonlance series, along with a new generation of characters, the inheritors of the fabled Heroes of the Lance. Reissue.

Dragons from the distant past gather to engulf the world of Krynn in war.

Years have passed since the end of the War of the Lance. The people of Ansalon have rebuilt their lives, their houses, their families. The Companions of the Lance, too, have returned to their homes, raising children and putting the days of their heroic deeds behind them. But peace on Krynn comes at a price. The forces of darkness are ever vigilant, searching for ways to erode the balance of power and take control. When subtle changes begin to permeate the fragile peace, new lives are drawn into the web of fate woven around all the races. The time has come to pass the sword -- or the staff -- to the children of the Lance. They are the Second Generation.

Tanis Half-Elven... Flint Fireforge... Tasslehoff Burfoot... the classic Dragonlance characters are back! Picking up where the first book of the classic Dragonlance Chronicles left off, this tale follows the Companions of the Lance on their adventures following the rescue of the refugees of Pax Tharkas. Flint and Tanis Half-Elven travel to the dwarven kingdom of Thorbardin, while the rest of the Companions confront challenges of their own.

The books that began the best-selling Dragonlance saga are collected in their entirety in this special edition, along with all of the artwork from the trilogy. This collector's edition is a must

for all those readers who fell in love with the fantasy world of Krynn.

Presents the history of the war between the followers of Takhisis and the minions of Paladine with tales told from the perspective of some of the supporting characters.

The Chronicles retold--from evil's point of view. The story starts in Neraka, where Kitiara uth Matar and Emperor Ariakas hatch a plan to retrieve a dragon orb and thereby destroy Solamnia and the Companions in one fell swoop. But the guardian of the dragon orb, Highlord Feal-Thas, disagrees with this plan. Kitiara must go to Ice Wall to force him to accept Ariakas' will, but her journey does not end there. Thrown out of favor, she conceives a daring plan to enlist the aid of the most feared beings on Krynn--Lord Soth and the Dark Queen. Meanwhile, Laurana and the Companions retrieve the dragon orb and take it back to Solamnia--not knowing that they bring their allies' doom with them. The second volume of a new trilogy from celebrated authors Margaret Weis and Tracy Hickman, The Lost Chronicles details the famed War of the Lance from the perspective of the evil that menaces Krynn. The books are written in such a way that they will be marvelous complements to the original Chronicles, while at the same time accessible and exciting to new readers. From the Paperback edition.
