Pan Am at War chronicles the airline's historic role in advancing aviation and serving America's national interest before and during World War II. From its inception, Pan American Airways operated as the "wings of democracy," spanning six continents and placing the country at the leading edge of international aviation. At the same time, it was clandestinely helping to fight America's wars. Utilizing government documents, declassified Freedom of Information Act material, and company documents, the authors have uncovered stories of Pan Am's stunning role as an instrument of American might: The airline's role in building air bases in Latin America and countering Axis interests that threatened the Panama Canal Creating transatlantic and trans-Africa supply lines for sending Lend-Lease equipment to Britain Cooperation with Chiang Kai-shek and the Chinese nationalist government to pioneer the dangerous "Hump" route over the Himalayas The dangerous seventeen-thousand-mile journey that took President Roosevelt to the high-stakes Casablanca Conference with Winston Churchill The daring flight that delivered uranium for the atomic bomb. Filled with larger-than-life characters, and revelations of the vision and technology it took to dominate the skies, Pan Am at War provides a gripping unknown history of the American Century.

The inspiring, instructive, and ultimately triumphant memoir of a man who used hard work and a Master Plan to turn a life sentence into a second chance. Growing up in a tough Washington, D.C., neighborhood, Chris Wilson was so afraid for his life he wouldn't leave the house without a gun. One night, defending himself, he killed a man. At eighteen, he was sentenced to life in prison with no hope of parole. But what should have been the end of his story became the beginning. Deciding to make something of his life, Chris embarked on a journey of self-improvement--reading, working out, learning languages, even starting a business. He wrote his Master Plan: a list of all he expected to accomplish or acquire. He worked his plan every day for years, and in his mid-thirties he did the impossible: he convinced a judge to reduce his sentence and became a free man. Today Chris is a successful social entrepreneur who employs returning citizens; a mentor; and a public speaker. He is the embodiment of second chances, and this is his unforgettable story.
