Others seek to provide an overview of IFRS and these, while useful for the general reader, lack the depth required by practitioners and students. IFRS Essentials strikes a balance between the two extremes, offering concise interpretation of the crucial facts supported by a wealth of examples. Problems and their solutions are demonstrated in a manner which is short, straightforward and simple to understand, avoiding complex language; jargon and redundant detail. This book is suitable for students and lecturers at universities and other educational institutions, auditing and accounting trainees, and employees in the area of accounting and auditing who seek to develop their practical skills and deepen their knowledge of IFRS.

Business Accounting has been developed specifically for the needs

of non-specialist students studying accounting as part of another degree. The authors explain the key concepts clearly and concisely, using examples, cases and real company data to contextualise the theory. Ethics, corporate governance and corporate social responsibility is given more prominence in this new edition and a new chapter on the statement of cash flows has been added. The number of questions in the book and online has been increased substantially to provide students with more opportunity to test their understanding and provide lecturers with more materials to perform assessments.

"The current nonprofit accounting standards have been in place for

20 years. Recently, the FASB nonprofit accounting committee (NAC) agreed to significantly update the standards for nonprofit financial reporting. These changes will be formalized and released to the industry in late 2015. In addition to walking readers line by line through the financial reports key to every nonprofit organization, this edition will include the new FASB standards with detailed a explanation of what they are and how to implement them correctly. The authors have deep knowledge of the FASB standards and forthcoming changes and will share their insider knowledge with readers. The new standards will focus on: 1) Reporting model for the statement of activities, 2.Net asset classification, 3.Statement of cash flows, 4.Financial statement disclosures and 5. New footnote disclosures for improving financial statement relevance and understandability"--
