I originally developed this book for my networking students at the community college where I teach and it is at their urging I have decided to publish this book. Since then, thousands of copies have gone out and the book has been adopted at several other colleges and schools. My goal was to produce a book that was targeted to a single topic (IPv4 subnetting) that was inexpensive, and was easy to read (less than 100 pages). I also wrote the book to be used from time to time; not relegated to a shelf where it would gather dust. My students have loved the book over the years and I know you will too.

Chronicles the events that led to Bruce Wayne's becoming Batman and his first year fighting crime.

For over three decades, renowned Japanese voice actress Megumi Hayashibara has breathed life into countless iconic characters -- including Ranma Saotome (Ranma ½), Rei Ayanami (Neon Genesis Evangelion), Lina Inverse (Slayers), Jessie (Pokémon), Faye Valentine (Cowboy Bebop), and Paprika (Paprika)! In this new autobiographical memoir, Megumi provides an in-depth look at her illustrious career, and how the very characters she has portrayed have impacted her life on both personal and professional levels.

Going beyond the box-office hits of Disney and Dreamworks, this guide to every animated movie ever released in the United States covers more than 300 films over the course of nearly 80 years of film history. Well-known films such as Finding Nemo and Shrek are profiled and hundreds of other films, many of them rarely discussed, are analyzed, compared, and catalogued. The origin of the genre and what it takes to make a great animated feature are discussed, and the influence of Japanese animation, computer graphics, and stop-motion puppet techniques are brought into perspective. Every film analysis includes reviews, four-star ratings, background information, plot synopses, accurate running times, consumer tips, and MPAA ratings. Brief guides to made-for-TV movies, direct-to-video releases, foreign films that were never theatrically released in the U.S., and live-action films with significant animation round out the volume.

One of Glamour's Best Books of 2020 Popular podcast host and personal finance expert Lindsay Goldwert explores what professional dominatrixes can teach us about confidence, power, and happiness. Imagine, for a moment, a world where the usual power dynamic is turned on its head. Where women not only stop apologizing, but seize—and enjoy—control. This is the quickly mainstreaming world of BDSM (bondage, discipline, sadism, masochism)—and it has a lot to teach women about empowerment, negotiation, open-mindedness, and more. Journalist Lindsay Goldwert, intrigued by this seismic cultural shift, traveled across the United States to meet the stars of the subculture, who spoke frankly with her about their lives and work. In this “lively, funny, thoughtful channeling of wisdom” (Sara Benincasa, author of Real Artists Have Day Jobs), these Alpha women show you how you can reset the power dynamic in any situation to get what you want—whether it’s from a husband, a boss, or partner. They share strategies for revolutionizing not only your sex life, but your career, your relationships, and most importantly, your inner foundations. With bondage gear popping up on the big screen, the runway, the red carpet, and in celebrity lingerie lines, BDSM is officially moving out of the dungeon and into the sun. Let Bow Down help you learn how to use it. “Whether your fantasies lie in the bedroom or the boardroom, Lindsay will give you the courage to go forth and dominate.” (Sarah Cooper, author of How to Be Successful without Hurting Men’s Feelings).

Three years ago, Lyla fled from her ex, Gavin Pyre. She created a new identity and began a relationship with a man who knows nothing about her past. The normal life she built for herself is shattered when Gavin blackmails her into returning to Las Vegas where he rules the criminal underworld.As Lyla navigates through the dark secrets of her past she's forced to face a man who refuses to let her live without him.

A mad scientist. An even madder patient. A fiery kind of love. All he ever wanted was to be one of the boys. To run and play—and love—like all of them. So Adrian made that dream come true by experimenting...on himself, and in curing his disease, he became something more. Someone special. Intoxicated with his discovery, he shared his healing gift, but not everyone was grateful for the second chance. Some of his patients tried to kill him. Many more became feral. Minor setbacks on the road to greatness. A road Adrian might not travel for long, given his enemies are intent on stealing his life's work and the madness within creeps closer. And the only person that might be able to save Adrian wants to kill him. Genres: paranormal romance, shapeshifter romance, romantic horror, mad science romance, genetic engineering, supernatural medical thriller, monster romance, interracial romance , phoenix , chimera secrets
