This series of books is designed to help upper-elementary teachers teach a rigorous yearlong writing curriculum.

Lucy Calkins discusses how to teach writing and how children develop as writers; she stresses the importance of staff development for teachers of writing.

"The new Units of study in phonics provide a lean and concise instructional pathway in phonics that is realistic and doable, and that taps into kids' skills and energy for tackling the fabulous challenge of learning to read and write, introduce high-leverage phonics concepts and strategies in a way that keeps pace with students' reading and writing and helps them understand when, how, and why they can use phonics to read and write, offer delightfully fun and engaging storylines, classroom mascots, songs, chants, rhymes, and games to help students fall head over heels in love with phonics and to create a joyous community of learners, align with state-of-the-art reading and writing workshops for a coherent approach in which terminology, tools, rituals, and methods are shared in ways that benefit both teachers and kids."--provided by publisher.

"The third-grade units were written to support the crucial transition children make from learning to read to reading to learn. The opening unit, Building a Reading Life, launches your students' lives as upper elementary school readers. Children ramp up their reading skills by immersing themselves in within-reach fiction books while working on word solving, vocabulary development, envisionment, and prediction. The second unit, Reading to Learn: Grasping Main Ideas and Text Structures, addresses essential skills for reading expository nonfiction, such as ascertaining main ideas, recognizing text infrastructure, comparing texts, and thinking critically, as well as the skills for reading narrative nonfiction, such as determining importance by using knowledge of story structure. The third unit, Character Studies, lures children into fiction books, teaching them to closely observe characters, make predictions, and sharpen their skills in interpretation. The final unit, Research Clubs: Elephants, Penguins, and Frogs, Oh My!, shows youngsters how to turn to texts as their teachers. Children work in clubs to gather, synthesise, and organize information about animals, and then use this information to seek solutions to real-world problems"--pearson.com.
