Willis Wu doesn't perceive himself as a protagonist even in his own life: He's merely Generic Asian man. Sometimes he gets to be Background Oriental Making a Weird Face or even Disgraced Son, but he is always relegated to a prop. Yet every day he leaves his tiny room in a Chinatown SRO and enters the Golden Palace restaurant, where Black and White, a procedural cop show, is in perpetual production. He's a bit player here, too, but he dreams of being Kung Fu Guy—the most respected old that anyone who looks like him can attain. At least that's what he has been told, time and time again. Except by one person, his mother. Who says to him: Be more. Playful but heartfelt, a send-up of Hollywood tropes and Asian stereotypes, Interior Chinatown is Charles Yu's most moving, daring, and masterly novel yet.

Winner of the National Book Award for Young People's Literature, the Michael L. Printz Award, and the Pura Belpré Award! Fans of Jacqueline Woodson, Meg Medina, and Jason Reynolds will fall hard for this astonishing New York Times–bestselling novel-in-verse by an award-winning slam poet, about an Afro-Latina heroine who tells her story with blazing words and powerful truth. Xiomara Batista feels unheard and unable to hide in her Harlem neighborhood. Ever since her body grew into curves, she has learned to let her fists and her fierceness do the talking. But Xiomara has plenty she wants to say, and she pours all her frustration and passion onto the pages of a leather notebook, reciting the words to herself like prayers—especially after she catches feelings for a boy in her bio class named Aman, who her family can never know about. With Mami's determination to force her daughter to obey the laws of the church, Xiomara understands that her thoughts are best kept to herself. So when she is invited to join her school's slam poetry club, she doesn't know how she could ever attend without her mami finding out. But she still can't stop thinking about performing her poems. Because in the face of a world that may not want to hear her, Xiomara refuses to be silent. “Crackles with energy and snaps with authenticity and voice.” —Justina Ireland, author of Dread Nation “An incredibly potent debut.” —Jason Reynolds, author of the National Book Award Finalist Ghost “Acevedo has amplified the voices of girls en el barrio who are equal parts goddess, saint, warrior, and hero.” —Ibi Zoboi, author of American Street

“On January 20, 2021, Amanda Gorman became the sixth and youngest poet, at age twenty-two, to deliver a poetry reading at a presidential inauguration. Her inaugural poem, “The Hill We Climb,” is now available to cherish in this special edition.” --

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “An amazing story, and truly inspiring. It’s even better than you’ve heard.”—Bill Gates NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • BookRiot • Pamela Paul, KQED • New York Public Library

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa’s antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history’s greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life—an epic of struggle, setback, renewed hope, and ultimate triumph.

Presents a narrative history of the American National Park System, examining the events and political battles that led to the establishment of each park while profiling each for its unique attributes, in a volume that also pays tribute to key advocates.

Is American English in decline? Are regional dialects dying out? Is there a difference between men and women in how they adapt to linguistic variations? These questions, and more, about our language catapulted Robert MacNeil and William Cran—the authors (with Robert McCrum) of the language classic The Story of English—across the country in search of the answers. Do You Speak American? is the tale of their discoveries, which provocatively show how the standard for American English—if a standard exists—is changing quickly and dramatically. On a journey that takes them from the Northeast, through Appalachia and the Deep South, and west to California, the authors observe everyday verbal interactions and in a host of interviews with native speakers glean the linguistic quirks and traditions characteristic of each area. While examining the histories and controversies surrounding both written and spoken American English, they address anxieties and assumptions that, when explored, are highly emotional, such as the growing influence of Spanish as a threat to American English and the special treatment of African-American vernacular English. And, challenging the purists who think grammatical standards are in serious deterioration and that media saturation of our culture is homogenizing our speech, they surprise us with unpredictable responses. With insight and wit, MacNeil and Cran bring us a compelling book that is at once a celebration and a potent study of our singular language. Each wave of immigration has brought new words to enrich the American language. Do you recognize the origin of 1. blunderbuss, sleigh, stoop, coleslaw, boss, waffle? Or 2. dumb, ouch, shyster, check, kaput, scram, bummer? Or 3. phooey, pastrami, glitch, kibbitz, schnozzle? Or 4. broccoli, espresso, pizza, pasta, macaroni, radio? Or 5. smitherens, lollapalooza, speakeasy, hooligan? Or 6. vamoose, chaps, stampede, mustang, ranch, corral? 1. Dutch 2. German 3. Yiddish 4. Italian 5. Irish 6. Spanish

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this ‘precise and eloquent work’ - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an ‘Age of Neoslavery’ that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.
