Septimus Heap - Wikipedia

Physik is the third in the young adult series about that OTHER wizard boy named Septimus Heap, and as I understand it, there will be two more books in the making. Physik is pretty long at over 500 pages, and rivals the more recent Potter books for complexity of plot, skullduggery and dark deeds.

The Magykal bestselling series relaunched with a fabulous new jacket design across the series. Enter the world of Septimus Heap, Wizard Apprentice. Magyk is his destiny.

Fantasy adventure at its best! This collection contains the first three books in Angie Sage's internationally bestselling Septimus Heap series: Magyk, Flyte, and Physik. Readers will love the enchanting and humorous adventures of a wizard apprentice and his quest to become an ExtraOrdinary Wizard. New York Times Bestselling Series “A fresh take on the world of magic.”—Child magazine “Readers will be indubitably hooked—worrying, laughing, and gasping over the nonstop adventures of this engaging troupe.” –VOYA (Starred Review) The series follows Septimus Heap, who, as a seventh son of a seventh son, has magical powers. After he becomes the apprentice of the ExtraOrdinary Wizard Marcia Overstrand, he starts his studies for seven years and a day to become an Ordinary Wizard (or maybe an ExtraOrdinary?). His adventures take place in a fictional world full of secrets and mysteries, a world where rats are messengers and can speak, a world where spells are common and where the dark forces are trying to penetrate.

The evil DomDaniel has been disposed of, but something Darke is stirring. A shadow pursues Wizard Marcia Overstrand around, growing stronger every day. Septimus senses something sinister is afoot. He must rescue his sister.
