Paragraph Development helps students edit their own writing for clarity and accuracy and offers a three-phase strategy for building writing skills through planning, writing, and revising. The approach in each chapter is direct and functional: a model is provided and graphically explained, then students use the model to write their own paragraphs.-- Offers controlled information-transfer exercises, a choice of writing topics, and peer consultation and writing-evaluation methods.

The third volume of the groundbreaking writing series that prepares students for high-level work in rhetoric and composition. Full support for parents and teachers, including rubrics, model compositions, teaching tips, and suggested dialogue. Building on the first two levels of Writing With Skill, Level 3 reinforces skills in original composition and introduces new skills in researching, organizing, and writing expository essays. This third level is marked by a focus on writing about cause and effect, as well as more advanced instruction in literary criticism, science writing, descriptions, and paragraph construction. Time-tested classical techniques--the imitation and analysis of great writers--combine with original composition exercises in history, science, biography, and literature. Along with the Student Workbook, this Level Three Instructor Text provides a complete year of advanced middle-grade writing instruction.
