Something Pretty, Something Beautiful - Kindle edition by ...

Something Pretty, Something Beautiful by Eric Barnes (2013, Paperback) The title suggests a light and fluffy read, but this book is anything but. It's a very gritty look at the dark side of temptation and how slow a decline can be. Several childhood friends start down a path of destruction, at first just playing at pranks and teasing young girls.

Something Pretty, Something Beautiful eBook: Barnes, Eric ...

Something Pretty, Something Beautiful Something Pretty, Something Beautiful Barnes, Eric. 2010-01-09 00:00:00 Eric Barnes We didn't start breaking into houses to steal things. The four of us started breaking into houses simply to see what would happen.

A sleek, fast-paced story of high school boys in Tacoma, their anointed leader and the decision to find a way out. The new novel from Eric Barnes, author of IndieNext selection SHIMMER.

“Barnes has constructed an intricate apocalyptic world that frighteningly mirrors present-day reality.”—Shelf Awareness, starred review In a near future where climate change has severely affected weather and agriculture, the North End of an unnamed city has long been abandoned in favor of the neighboring South End. Aside from the scavengers steadily stripping the empty city to its bones, only a few thousand people remain, content to live quietly among the crumbling metropolis. Many, like the narrator, are there to try to escape the demons of their past. He spends his time observing and recording the decay around him, attempting to bury memories of what he has lost. But it eventually becomes clear that things are unraveling elsewhere as well, as strangers, violent and desperate alike, begin to appear in the North End, spreading word of social and political deterioration in the South End and beyond. Faced with a growing disruption to his isolated life, the narrator discovers within himself a surprising need to resist losing the home he has created in this empty place. He and the rest of the citizens of the North End must choose whether to face outsiders as invaders or welcome them as neighbors. *The City Where We Once Lived* is a haunting novel of the near future that combines a prescient look at how climate change and industrial flight will shape our world with a deeply personal story of one man running from his past. In lean, spare prose, Eric Barnes brings into sharp focus questions of how we come to call a place home and what is our capacity for violence when that home becomes threatened.

A mesmerizing novel of unfolding dystopia amid the effects of climate change in a world very like our own, for readers of Emily St. John Mandel's *Station Eleven* and Margaret Atwood's *The Year of the Flood*. In this prequel to Eric Barnes's acclaimed cli-fi novel *The City Where We Once Lived*, six sets of characters move through a landscape and a country just beginning to show the signs of cataclysmic change. A father and his young children fleeing a tsunami after a massive earthquake in the Gulf. A woman and her husband punishing themselves without relent for the loss of both their sons to addiction, while wildfires slowly burn closer to their family home. A brilliant investor, assessing opportunity in the risk to crops, homes, cities, industries, and infrastructure, working in the silent comfort of her office sixty floors up in the scorching air. A doctor and his wife stuck in a refugee camp for immigrants somewhere in a southern desert. Two young men working the rides for a roadside carnival, one escaping a

brutal past, the other a racist present. The manager of a chain of nondescript fast-food restaurants in a city ravaged by the relentless wind.. While every night the news alternates images of tsunami destruction with the baseball scores, the characters converge on a city where the forces of change have already broken—a city half abandoned, with one part left to be scavenged as the levee system protecting it slowly fails—until, in their vehicles on the highway that runs through it, they witness the approach of what looks to be just one more violent storm.

The Best American Series® First, Best, and Best-Selling The Best American series is the premier annual showcase for the country's finest short fiction and nonfiction. Each volume's series editor selects notable works from hundreds of magazines, journals, and websites. CEO Robbie Case is the corporate guru who, at age thirty-five, has transformed his company Core into an overnight twenty-billion dollar techno-miracle. Its stock keeps going up in value as its legend looms larger and larger throughout the global market. One reason may be that the firm is manned and womaned by some of the sharpest young business minds in the nation. Another may be that its chief product cannot be duplicated. But the real reason is that Robbie Case is a liar. His dream company is a nightmare about to be unsheathed, and his life is about to come crumbling down. That is, unless, he can hustle fast enough to turn a common Ponzi scheme into a legitimate business and his most ruthless competitor does not eat Core alive before Case can save it.

Named one of the "Fifteen Books to Watch for in May" by The New York Times "Nguyen's narrative strikes a very elusive balance: vast in scale and ambition, while luscious and inviting — enchanting, really — in its intimacy." —Bryan Washington, The New York Times Book Review A stunning debut novel about an immigrant Vietnamese family who settles in New Orleans and struggles to remain connected to one another as their lives are inextricably reshaped. When Huong arrives in New Orleans with her two young sons, she is jobless, homeless, and worried

about her husband, Cong, who remains in Vietnam. As she and her boys begin to settle in to life in America, she continues to send letters and tapes back to Cong, hopeful that they will be reunited and her children will grow up with a father. But with time, Huong realizes she will never see her husband again. While she attempts to come to terms with this loss, her sons, Tuan and Binh, grow up in their absent father's shadow, haunted by a man and a country trapped in their memories and imaginations. As they push forward, the three adapt to life in America in different ways: Huong gets involved with a Vietnamese car salesman who is also new in town; Tuan tries to connect with his heritage by joining a local Vietnamese gang; and Binh, now going by Ben, embraces his adopted homeland and his burgeoning sexuality. Their search for identity--as individuals and as a family--threatens to tear them apart, until disaster strikes the city they now call home and they are suddenly forced to find a new way to come together and honor the ties that bind them.

From one half of the cult comedy duo Tim & Eric comes the culinary bible for modern food freaks, showing you how to throw epic parties, suck the marrow out of life, and cook better than your grandmother. "A book with all the recipes to Wareheim's insanely delicious secret sauces? And a sneak peek at the man behind the curtain?? I'll take two please . . . extra crispy!!!"—Jack Black Director and actor Eric Wareheim might be known for his comedy, but his passion for food and drink is no joke. For the last fifteen years he has been traveling the world in search of the best bites and sips, learning from top chefs and wine professionals along the way. His devotion to beautiful natural wine, the freshest seafood crudos, and perfectly cooked rib-eyes is legit. And now he wants to share with you everything he's learned on this epic food journey. In Foodheim, Wareheim takes readers deep into his foodscape with chapters on topics like circle foods (burgers, tacos), grandma foods (pasta, meatballs), and juicy foods (steak, ribs). Alongside recipes for Chicken Parm with Nonna Sauce, Personal Pan Pep Pep, and Crudite Extreme with Dill Dippers, you will discover which eight cocktail recipes you should know by heart, how to saber a bottle of bubbly, and what you need to do to achieve handmade pasta perfection at home. Written with award-winning cookbook editor Emily Timberlake and featuring eye-popping photographs and art chronicling Wareheim's evolution as a drinker, how to baby your pizza dough into pie perfection, and more, Foodheim is the ultimate book for anyone who lives to eat.

Illustrations and easy-to-read text pay homage to the strength, character, and worth of a child.
