Substitute middle-school history teacher Rush Revere takes his students back in time to experience American history as it happens aboard the Mayflower and on Plymouth Plantation.

Rush Limbaugh, America ' s #1 radio talk show host and #1 New York Times bestselling author presents a collection of the political and social observations conservatives have come to love and liberals love to hate. Limbaugh, a consummate entertainer and provocative political commentator, who delighted in being called “ The Most Dangerous Man in America, ” led the charge to embrace and defend the fundamental values that have shaped the American character—the same values that cause liberals to have conniptions. The Democrats may be in the White House—but even they can't ruin this country in only four years, proclaims Rush. Conservatism ' s most outspoken champion and ever the optimist, Rush viewed the “ pernicious liberal movement ” as a philosophy whose inevitable demise will lead us back to the values that made America great. A must for the politically incorrect, See, I Told You So captures Rush at his best—showing once again why his syndicated radio show reached millions of devoted listeners each week.

America's #1 radio talk-show host and multi-million-copy #1 New York Times bestselling author presents a book for young readers with a history teacher who travels back in time to have adventures with exceptional Americans. MEET RUSH LIMBAUGH'S REALLY GOOD PAL, RUSH REVERE! Okay, okay, my name's really Rusty—but my friends call me Rush. Rush Revere. Because I've always been the #1 fan of the coolest colonial dude ever, Paul Revere. Talk about a rock star—this guy wanted to protect young America so badly, he rode through those bumpy, cobblestone-y streets shouting “the British are coming!” On a horse. Top of his lungs. Wind blowing, rain streaming... Well, you get the picture. But what if you could get the real picture—by actually going back in time and seeing with your own eyes how our great country came to be? Meeting the people who made it all happen—people like you and me? Hold on to your pointy triangle hats, because you can—with me, Rush Revere, seemingly ordinary substitute history teacher, as your tour guide across time! “How?” you ask? Well, there's this portal. And a horse. My talking horse named Liberty. And—well, just trust me, I'll get us there. We'll begin by joining a shipload of brave families journeying on the Mayflower in 1620. Yawn? I don't think so. 1620 was a pretty awesome time, and you'll experience exactly what they did on that rough, dangerous ocean crossing. Together, we'll ask the pilgrims all our questions, find out how they live, join them at the first Thanksgiving, and much more. So saddle up and let's ride! Our exceptional nation is waiting to be discovered all over again by exceptional young patriots—like you!

America's #1 radio talk-show host and multi-million-copy #1 New York Times bestselling author presents the second book in a series for young readers with a history teacher who travels back in time to have adventures with exceptional Americans. Rush Revere rides again! Saddle up with Rush Limbaugh's really good pal for a new time-travel adventure. "Whoa there, young historians! Before we go rush, rush, rushing off anywhere, I'd like a moment. I'm Liberty, Rush Revere's loquacious equine companion—his trusty talking horse! Always at the ready to leap from the twenty-first century into America's past, that's me. When he says 'Let's go!' I'm so there. I'm jazzed, I'm psyched, I'm—" "Ah, excuse me, Liberty?" "Yeah, Rush?" "Usually you say 'oh no, not again!' and 'while we're in colonial Boston, can I try the baked beans?'" "Okay, fine—you do the talking. I'll just be over here, if you need me..." Well, he's sulking now, but I couldn't be your tour guide across time without Liberty! His name says it all: the freedom we celebrate every July Fourth with fireworks and hot dogs (and maybe some of those baked beans). But how did America get free? How did thirteen newborn colonies tell the British king where he could stick his unfair taxes? Jump into the bustling streets of Boston in 1765, where talk of revolution is growing louder. I said LOUDER. You'll have to SHOUT to be heard over the angry cries of "Down with the king!" and "Repeal the Stamp Act!" that fill the air. You'll meet fierce supporters of liberty like Samuel Adams, Benjamin Franklin, and my idol, Paul Revere, as they fearlessly defy British rule. It's an exciting, dangerous, turbulent, thrilling time to be an American...and exceptional young patriots like you won't want to miss a minute. Let's ride!

In the past few years, trust in traditional media has reached new lows. Many Americans disbelieve what they hear from the "mainstream media," and have turned to getting information from media echo chambers which are reflective of a single party or ideology. In this book, Paul Matzko reveals that this is not the first such moment in modern American history. The Radio Right tells the story of the 1960s far Right, who were frustrated by what they perceived to be liberal bias in the national media, particularly the media's sycophantic relationship with the John F. Kennedy administration. These people turned for news and commentary to a resurgent form of ultra-conservative mass media: radio. As networks shifted their resources to television, radio increasingly became the preserve of cash-strapped, independent station owners who were willing to air the hundreds of new right-wing programs that sprang up in the late 1950s and 1960s. By the early 1960s, millions of Americans listened each week to conservative broadcasters, the most prominent of which were clergy or lay broadcasters from across the religious spectrum, including Carl McIntire, Billy James Hargis, and Clarence Manion. Though divided by theology, these speakers were united by their distrust of political and theological liberalism and their antipathy towards JFK. The political influence of the new Radio Right quickly became apparent as the broadcasters attacked the Kennedy administration's policies and encouraged grassroots conservative activism on a massive scale. Matzko relates how, by 1963, Kennedy was so alarmed by the rise of the Radio Right that he ordered the Internal Revenue Service and Federal Communications Commission to target conservative broadcasters with tax audits and enhanced regulatory scrutiny via the Fairness Doctrine. Right-wing broadcasters lost hundreds of stations and millions of listeners. Not until the deregulation of the airwaves under the Carter and Reagan administrations would right-wing radio regain its former prominence. The

Radio Right provides the essential pre-history for the last four decades of conservative activism, as well as the historical context for current issues of political bias and censorship in the media.

Attack the Messenger is an objective look at the loss of public trust in the news media-and the resulting threat to American democracy. Biased, sloppy, and sometimes deceitful reporting is partly to blame, but this book primarily examines how politicians declared war on the media's role as an honest broker of information-and won. Craig Crawford takes readers who crave truth in news through the power struggle between the government and mainstream media, as well as directs them on how to avoid political propaganda and find the most reliable news sources.

A chronicle of the disappointing 2008 season of the University of Tennessee football team, the worst season in its 110-year history, which ended with the firing of beloved coach Phil Fulmer.
