An answer key for Go Math problems is in the chapter resources section of the Teacher Edition. Teacher editions assist teachers in meeting the Common Core standard. Each chapter focuses on the process behind the math so that students seek more than simply arriving at the right answer.

Includes: Teacher's Lesson Guides (Volumes 1 & 2) - Contains easy-to-follow three-part daily lesson plans. This assists teachers in focusing on lesson objectives, providing ongoing practice for all students and addressing individual student needs for a variety of populations. A unit organizer provides learning goals, planning and assessment support, content highlights, a materials chart, suggestions for problem-solving, cross-curricular links, and options for individualizing. Each guide is grade level-specific. Teacher's Reference Manual (Grades K-3) - Contains comprehensive background information about mathematical content and program management for Grades K-3 and 4-6. This manual familiarizes teachers with the program's features, routines, and provides ideas for organizing and implementing the curriculum. Assessment Handbook - This grade level specific handbook provides classroom-tested techniques and ideas to make assessment and instruction more manageable, productive, and exciting, as well as offering a more complete picture of each student's progress and instructional needs through techniques and tools from the four assessment areas: ongoing, product, periodic and outside tests. The Assessment Handbook includes suggestions for observing students, keeping anecdotal records, following student progress, and encouraging students to reflect on and communicate both what they have learned and how they feel about mathematics. Math Masters - Blackline masters that support daily lesson activities. Includes Math Box, Home Link, Study Link, Game, and Assessment Masters. Spanish version available - Originales para reproducción Home Connection Handbook (Grades K-6) - Provides suggestions for enhancing home-school communication and involvement in the program. Grade specific Family Letters and Home Links serve as a basis for ongoing communication as well as a vehicle to engage parents as partners in the learning process. Individual assessment checklists enable teachers to describe in detail the developmental progress of each child. Spanish version available - Manual de Vínculo con el hogar Minute Math® + (Grades 1-3) - A collection of brief mathematics activities for transition time and for spare moments throughout the day. Minute Math + activities provide reinforcement and continuous review of content, valuable practice with mental arithmetic and logical thinking activities, and they help promote the development of problem solving skills. Content-by-Strand Poster - Offers a comprehensive overview of how the mathematical strand activities are interwoven and paced throughout the school year and outlines program guideposts. The lesson activities in each content strand are roughly divided by month, the learning goals are organized by unit, and the assessment rubric indicators (Beginning, Developing, and Secure) and lesson references are also noted. Class Number-Grid Poster - A number grid is a matrix which consists of rows of boxes, ten to each row, containing a set of consecutive whole numbers. Children use number grids to explore number patterns, reinforce place-value concepts, and calculate sums and differences. Thermometer Poster - Keeping daily temperature records is a regular routine in the K-2 classroom. This poster contains both the Celsius and Fahrenheit scales which gives children an informal introduction to each scale and stimulates discussion about why we see temperatures recorded both ways. Student Math Journals (Volumes 1 & 2) - These consumable books provide lesson support material for students to analyze and complete. They provide a long-term record of each student's mathematical development. Spanish version available - Diario del estudiante 1 & 2

Support fourth-grade students with 180 daily practice activities to build their mathematical fluency. Each problem is tied to a specific mathematical concept to help students gain regular practice of key grade-level skills. This book features quick, diagnostic-based activities that are correlated to College and Career Readiness and other state standards, and includes data-driven assessment tips. Digital resources include assessment analysis tools and pdfs of the activity sheets. With these daily practice activities, teachers and parents will be helping fourth graders improve their math skills in no time!
