The essential primary-source history of the British Isles through the early Middle Ages, fully annotated and illustrated with paintings and engravings. The Anglo-Saxon Chronicle is one of the most important sets of historical documents concerning the history of the British Isles. These vital accounts, thought to be first set down in the late ninth century by a scribe in Wessex, illuminate events through the Dark Ages that would otherwise be lost to history. Without this chronicle, it would be impossible to write the history

of the English from the Romans to the Norman Conquest. The compilers of this chronicle included contemporary events they themselves witnessed, as well as those recorded by earlier annalists whose work is in many cases preserved nowhere else. With nine known versions of the Chronicle in existence, this translated edition presents a conflation of passages from different versions. Relying heavily on Rev. James Ingram's 1828 translation, the footnotes provided are all those of Rev. Ingram. This edition also includes the complete Parker Manuscript.

The first continuous national history of any western people in their own language, The Anglo-Saxon Chronicle traces the history of early England from the migration of the Saxon war-lords, through Roman Britain, the onslaught of the Vikings, the Norman Conquest

Where To Download The Anglo Saxon Chronicle

and on through the reign of Stephen (1135-54). The text survives, in whole or in part, in eight separate manuscripts, each reflecting the concerns of the regions and institutions in which they were maintained. These texts have a similar core, but each has considerable local variations and its own intricate textual history. Michael J. Swanton's translation of these histories is the most complete and faithful reading ever published. Extensive notes draw on the latest evidence of paleographers, archaeologists and textual and social historians to place these annals in the context of current knowledge. Fully indexed and complemented by maps and genealogical tables, this edition allows ready access to one of the prime sources of English national culture. The introduction provides all the information a first-time reader could need, cutting an easy route through often complicated matters. Also includes nine maps.
