In their only fully collaborative literary work, Michael Dorris and Louise Erdrich have written a gripping novel of history, suspense, recovery, and new beginnings. The Crown of Columbus chronicles the adventures of a pair of mismatched lovers--Vivian Twostar, a divorced, pregnant anthropologist, and Roger Williams, a consummate academic, epic poet, and bewildered father of Vivian's baby--on their quest for the truth about Christopher Columbus and themselves. When Vivian uncovers what is presumed to be the most diary of Christopher Columbus, she and Roger are drawn into a journey from icy New Hampshire to the idyllic Caribbean in search of "the greatest treasure of Europe." Lured by the wild promise of redeeming the past, they are plunged into a harrowing race against time and death that threatens--and finally changes--their lives. A rollicking tale of adventure, The Crown of Columbus is also contemporary love story and a tender examination of parenthood and passion.

Louise Erdrich and Michael Dorris, the most prominent writers of Native American descent, collaborate on all their works. In these interviews, conducted both separately and jointly, they discuss how their writing moves from conception to completion and how The Beet Queen, Tracks, A Yellow Raft in Blue Water, and The Crown of Columbus have been enhanced by both their artistic and their matrimonial union. Being of mixed blood and having lived in both white and Native American worlds, they give an original perspective on American society. Sometimes with humor and always with refreshing candor, their discussions undermine the damaging stereotypes of Native Americans. Some of the interviews focus on their nonfiction book, The Broken Cord, which recounts the struggle to solve their adopted son's health problems from fetal alcohol syndrome. Included are two recent interviews published here for the first time. In this collection, Erdrich and Dorris tell why they have chosen to write about many varying subjects and of why they refuse to be imprisoned in a literary ghetto of writers whose only subjects are Native Americans.

" A searingly candid chronicle of the heroic struggle of two adoptive parents to raise their multiply disabled son . . . inspiring. " —Kirkus Reviews When Rain Hurts is the story of one mother ' s quest to find a magical path of healing and forgiveness for her son, a boy so damaged by the double whammy of prenatal alcohol abuse and the stark rigors of Russian orphanage life that he was feral by the time of his adoption at age three. Bizarre behaviors, irrational thoughts, and dangerous preoccupations were the norm—no amount of love, it turns out, can untangle the effects of Fetal Alcohol Syndrome. More people are coping with and caring for those affected by Fetal Alcohol Spectrum Disorders than individuals living with autism, but because there is a stigma associated with this preventable, devastating birth defect, it is a pandemic of disability and tragedy that remains underreported and underexplored. When Rain Hurts puts an unapologetic face to living and coping with this tragedy while doggedly searching for a more hopeful outcome for one beautiful, innocent, but damaged little boy. " Emotionally complex, fascinating, gritty, exhausting, and teeming with protective mother-energy and love. Three cheers for Mary Greene ' s fighting spirit and the work she ' s doing to create and protect her family while educating so many of us about the complexities of international adoption and Fetal Alcohol Spectrum Disorders. " —Sheri Reynolds, #1 New York Times-bestselling author " Greene ' s searing account of learning to parent her prenatal alcohol-exposed, bipolar, orphanage-veteran son is an unforgettable lesson in commitment, fortitude, and unconditional love. " —Jessica O ' Dwyer, author of Mamalita: An Adoption Memoir
